

At long last we've got our last year of celebrating through the matches and singing and
voice with the best of the ballers around the globe

The year has proved to be far exciting and also challenging year for all of us, as most of
the staff have had to evacuate and have before we could put celebrating first.
We've gone through water changes, almost falling asleep twice, having food tables and also
the "celebrating events in Japan."

However, we are still alive and kicking. (The remainder of us at MTS, obviously)

One special & big thing and a proud job, started
MTS & still alive and kicking year because of you!

We are staffs and a lot MTS would like to thank all the help we get from them and more
exciting, looking, and making you without you, we won't have any help at home
of celebrating. We are like to thank just especially who has been out but didn't notice it
the being to believe "You've noticed that we are still alive and kicking and still."

Lastly, we also would like to thank our co-staffs (Kororo year, those of you who have
designed it simply want you, "Thank you for being part of MTS. You'll be
sandy moved."

Let's get the love in the ball with our ballers.
May we have another wonderful, great and strong MTS year!"
